## Summer Road Engineering Grant Award

Silver Shekel Property Owners,

We are very excited to announce that Silver Shekel has been awarded a grant for the development of an engineered design for the Summer Road. The grant is from the Summit County Community Wildfire Protection Plan. In a nutshell, it is for \$15,000, of which we will need to pay \$1500.

A design firm will be engaged as soon as possible to begin the work, with an objective of having a design available for construction bids later this year. Our plan is to use the bids to apply for a construction grant in 2023.

The Board expresses its appreciation to Nick Teverbaugh, our treasurer, for leading the effort to get the grant.

Sincerely,

Silver Shekel Board of Directors
